**BARNEGAT BOARD OF EDUCATION
REGULAR MEETING**

**October 20, 2009
Tuesday, 6:30 PM**

Barnegat High School
180 Bengal Blvd.
Barnegat, NJ 08005

**PUBLIC
AGENDA**

OUR MISSION: The Barnegat Schools, in partnership with our community, nurture and educate our children in accordance with all core curriculum content standards to prepare them for responsible citizenship and success in life.

DISTRICT HIGHLIGHTS

- I am proud to inform you that the Sportsmanship emphasis at BHS has resulted in us being “disqualification free” in 2008-2009. That means that for all the athletic events we had, none of our students were ejected from the fields of play.

Kudos to the athletic department for successfully implementing our initiative last year and to all the students and athletes who demonstrated self-control on the playing fields.

This is a good thing and testifies to the quality of our coaching staff.

Just thought you might want to hear really great news!

- Congratulations to the Girls Tennis Team! The girls have qualified for the State Championships.
- Nine students at Barnegat High School have earned AP Scholar Awards in recognition of their exceptional achievement on AP Exams.

The College Board's Advanced Placement Programs (APs) provides motivated and academically prepared students with the opportunity to take rigorous college-level courses while still in high school, and to earn college credit, advanced placement, or both for successful performance on the AP exams. About 18 percent of the 1.6 million students worldwide who took AP exams performed at a sufficiently high level to also earn an AP Scholar Award.

The College Board recognizes several levels of achievement based on students' performance on AP exams.

At Barnegat High School:

One student qualified for the National AP Scholar Award by earning an average grade of 4 or higher on a five-point scale on all AP exams taken, and grades of 4 or higher on eight or more of these exams. This student is Theodore Ray.

Two students qualified for the AP Scholar with Distinction Award by earning an average grade of at least 3.5 on all AP exams taken, and grades of 3 or

higher on five or more of these exams. These students are Richard Selander and Theodore Ray.

Seven students qualified for the AP Scholar Award by completing three or more AP exams with grades of 3 or higher. The AP Scholars are Joseph Aquino, Sean Dangelmajer, Michaela LaPatin, Lee Oliver, Ryan Parisi, Katherine Sanchez and Robert Tucker.

Of this year's award recipients at Barnegat High School, one is a junior: Michaela LaPatin. This student has at least one more year in which to complete college-level work and possibly earn a higher-level AP Scholar Award.

Through 37 different college-level courses and exams, AP provides motivated and academically prepared students with the opportunity to earn college credit or advanced placement and stand out in the college admissions process. Each exam is developed by a committee of college and university faculty and AP teachers, ensuring that our exams are aligned with the same high standards expected by college faculty at some of the nation's leading liberal arts and research institutions. AP is accepted by more than 3,600 colleges and universities worldwide for college credit, advanced placement, or both on the basis of successful AP exam grades. This includes more than 90 percent of four-year institutions in the United States. Research consistently shows that AP students who score a 3 or higher on AP Exams (based on a scale from 1 to 5, with 5 being the highest) typically experience greater academic success in college and higher graduation rates than students who do not participate in AP.

The College Board is a not-for-profit membership organization whose mission is to connect students to college success and opportunity. Founded in 1900, the association is composed of more than 5,400 schools, colleges, universities, and other educational organizations. Each year, the College Board serves seven million students and their parents, 23,000 high schools, and 3,500 colleges through major programs and services in college admissions, guidance, assessment, financial aid, enrollment, and teaching and learning. Among its best-known programs are the SATs, the PSAT, NMSQTs, and the Advanced Placement Programs. (The College Board is committed to the principles of excellence and equity, and that commitment is embodied in all of its programs, services, activities, and concerns.)

16. Motion to approve the revised travel regulations to no longer require receiving prior BOE approval for workshops under \$150; and, there will no longer be a cap on the number of attendees for In-State Professional Development.

provide that the \$150 amount may be adjusted in future years for inflation. See N.J.A.C. 6A:23A-1.2.

Although the Barnegat Township School District Curriculum Department encourages and seeks in-house professional development opportunities for certified staff, there are occasions whereby out-sourcing of professional development is necessary.
