Mrs. Mitchell: For those of you who join us on a regular basis you will notice that the Agenda this evening is a little bit different. We are going to start with our presentations and then go into closed session about 20 minutes to ½ hour from now. This way some of the younger students that are here can go home and start their homework a little bit earlier. Dr. McMahon, please.

PRESENTATIONS/AWARDS

STAR AWARDS AND OUTSTANDING STUDENT AWARDS

Dr. McMahon: Thank you very much. I am actually really happy with starting out this way, giving out presentations to the students; and I get to give out my first presentation which is my favorite, the Star Awards. For those of you who have never been here before for our meetings, or seen the Star Award, the Star Award started a number of years ago trying to teach the children about teamwork and agreeing with each other civilly or working as a team together and in the classroom to support each other is something we wholeheartedly support here in the Barnegat Township School system.

Can I have Mrs. Santolla to join me for a second up here, I think I saw her. Mrs. Santolla's class nominated somebody who won this month and basically this student in Mrs. Santolla's class exhibited a wonderful act of kindness during Grandparents' Day this September. As the Grandparents were leaving the school one student began to cry because she missed her relatives dearly. This student came into the classroom and gave the girl a tissue, quietly comforted her until she felt better. We are very proud of this girl for her caring actions; this is a perfect illustration of how our students are setting such a compassionate tone in giving an example for other students in the school and in our district. Please join me in applause for Noelle DeSanti. Oh there she is. Congratulations you get this bicycle for doing such a lovely thing; do you want to have Mrs. Santolla in the picture? Come on in. Wonderful, congratulations, that was very nice of you. This is yours, here Noelle.

We also exhibit this type of teamwork in assisting elementary schools, our Middle School and High School. I would like to ask Mr. Nichol to come up here. This eighth grader at the Russell O. Brackman School started the school year off right with his remarkable, positive attitude towards his studies and his enthusiasm for the Brackman School in general. This teacher described this student as having the perfect blend of skills, stellar performance and modest ambitions. We are happy to honor C.J. Pacquing as our Star Award winner for the Brackman School, is C.J. here? Congratulations.

Last but not least, our high school. This student was recognized as a model of the Bengal way. When controversy erupted at Barnegat High School, this sophomore stood up to what he believed in and spoke the truth. He worked to bring others to his side. He gave

up his free time to fight for his convictions, also a student athlete, this person has learned how to balance his time between his studies and sports, Dr. Saxton, please come up and give me a round of applause for Richie Dugan.

BOYS & GIRLS STATE REPRESENTATIVES

Mrs. Mitchell: Each year the local American Legion and the American Legion Auxiliary choose two girls and two boys to represent them at Girls' and Boy's State respectfully. Candidates that are selected after the rigorous selection process are invited to participate in a Mock Government in which the participants represent specific regions and political parties. The participants learned how to make diplomatic decisions regarding policies and hot-button issues. We are proud to honor Stephanie Municchi and Jackie Ferrara, who participated in Girls' State and Alex Becker and Michael Pisano who participated in Boys' State. In addition, we would like to further congratulate Stephanie who was also selected to attend the prestigious Girls' Nation in Washington, D.C. in July. Will the students please join us up here?

Dr. McMahon: Congratulations, thank you.

STUDENT'S LOVE OF ANIMALS SHOWS IN COLLECTION

Mrs. Mitchell: Is Maureen Saparito here? Maureen come up, please. Maureen is a seventh grader at the Brackman School, she did a remarkable thing this summer. In her quest to aid over 200 animals housed at the Associated Humane Society in Forked River, she collected over 1,000 pounds of pet food. She also declined selflessly all her birthday wishes; she said to everyone just please give me money to buy food or donate food or do something for the animals and did not want anything for herself. I commend you so much for that; I wish one of my three children would do the same thing. Congratulations, Maureen, we are very proud of you.

Dr. McMahon: Congratulations, very nice.

STUDENT GIVEN HIGHEST HONOR IN BOY SCOUTS

Mrs. Mitchell: Barnegat High School student Tim Keough has been awarded the highest honor from the Boy Scouts of America, he has been named a lifetime Eagle Scout. In addition to his remarkable achievements within the scouting program, Tim also led the efforts of his troop – Troop 26 of the Friendship District in the Jersey Shore Council – in their efforts to brighten the campus of Barnegat High School. In addition, Tim and his troop also held a ribbon-cutting for two planters that they installed at the entrance of Barnegat High. We would like to congratulate Tim on his wonderful achievement with the Boy Scouts of America and would like to extend our sincerest thanks to the entire membership of Troop 26 for their amazing efforts in beautifying Barnegat High School. Is Tim here? Tim come up and join us, please.

Dr. McMahon: Thank you, congratulations.

BRUCE SPRINGSTEEN FOOTBALL

Mrs. Mitchell: Mr. Kostka, please?

Mr. Kostka: Thank you. I just wanted to take a minute. On September 15, it was a Saturday at the High School, the varsity boys played the Ranney School and at the game Bruce Springsteen was in the audience. Mr. Davis and I approached Mr. Springsteen and asked him for his autograph. He signed the game ball which our boys won, by the way, what was the score, Doug, Doug/Mack, sorry. It was 5-0 and he was still inclined to sign our ball. He signed it "Nice to be at Barnegat High, Bruce Springsteen." I just wanted to present this to Mr. Germano and Dr. Saxton to put in the trophy case at the High School.

STUDENT REPRESENTATIVE

Mrs. Mitchell: At this time if anyone doesn't know Matt Falk, and I don't think there are many people who do not know him, Matt is at the end of the table and this month he is our student representative for the High School. I would like to thank Mr. and Mrs. Falk, I saw Mrs. Falk in the audience. Thank you for letting Matt attend, and Matt would you like to take the mike now? Do you have anything to add or to say?

Matthew Falk: Sure, everyone who attended the Bengal Bash this week had a great time, it was a successful Fall Dance and catered by Kate and Ally's and the usual DJ and it was just a lot of fun. As of now the Senior Trip is including about 114 seniors and all set to go in May to Disney. In a few days the juniors will be having their ring ceremony which is a great time for them to have the rings to show what they have done throughout high school. The National Honor Society is just beginning their new inductions for 101 new tryouts for the National Honor Society so best of luck to all of them. That is basically it.

Mrs. Mitchell: Thank you Matt.

PRESIDENT’S REMARKS

Mrs. Mitchell: Before we open up to Public Session there are a couple of things I would like to say to the public. It is just the state of our schools, where I feel that we re going in the right direction with all the negative things that have been in the press lately. I would first like to say thank you to each of you who attend these meetings and give us the valuable feedback that enhances the education of our Township’s children. Now, I would like to take this opportunity to give you and update on how our district is fairing since becoming a full K-12 district. Over six years ago we launched a six-year plan to expand and enrich the education of our students in doing so we brought a strategic and financial leader to the district in Dr. McMahon. He was a clear choice with his background in similar undertakings in Plumsted and after serving as Assistant Commissioner of Education for Finance. Moving forward with his guidance, we as a Board that increasing academic achievement is this district’s overall goal and this is not going to change.

Academic achievement comes first always. Ultimately, Barnegat Schools and the community we serve will be judged on how well we educate our children. Our future plight literally depends on it; and we want our students to be globally cooperative and we want them to be globally competitive. We must education them so that they can compete with anyone in the world for college placement, honors and jobs. As it was years ago, this remains our most important goal, raising student achievement, thus we have strengthened our curriculum and our courses and delivery of education in the classroom. Our test results suggest we are gaining ground. Our state testing for 2006-2007 showed all of our schools either matching or exceeding state averages. Our elementary and middle schools are continually showing promise with outstanding averages in all areas and our high school students dazzled with first-time scores on HSPA testing nearly 20% above state averages in both Mathematics and Language Arts.

Another one of our goals is that we provide adequate resources and facilities. Adequate resources for success do not mean the same thing for every student. We are committed to giving the extra help to children who need it. We know that the proper resources and a dedicated, determined teacher can make a world of difference in the classroom. Adequate facilities are almost as important in education and becoming a K-12 district we have build and improved our new and existing buildings utilizing over \$100,000,000 in grant money from the state. No other, non-Abbott district in the state of New Jersey has secured as much money for constructed as we did here in Barnegat and we must thank the administration for playing such a prominent role in securing those funds. We also realize that safety is a dominate issue with parents and we want to assure you that we will continue to work with others in the community, like our local police department, to ensure that Barnegat schools will never succumb to school violence. Finally, I am happy to report that we have been able to achieve all of these goals while also moving forward with a sound fiscal plan. As you know, our district has recently received an enhanced bond-rating. Not only am I happy to share that news of our fiscal savvy but our decision to wait to sell \$22,000,000 in bonds has also secured a remarkable low interest rate for you, the taxpayer. The fiscal decisions of our business administration will save you over \$170,000 in debt service.

In addition, our district has recently completed the comprehensive annual financial review from an independent auditor. This auditor in reviewing our finances can make recommendations to the Board regarding any fiscal issue that needs to be remedied. I am happy to report that we received not one recommendation from this audit, illustrating that our fiscal plans are both strong and sound.

To conclude, I would like to say to every Barnegat person sitting in this audience tonight that we do have outstanding students here tonight with many, many great successes. We as a Board want to build on that foundation and I ask you to take a look at our progress. Look at our students, look at your children, they are Barnegat Schools, they are our future, they do a wonderful job, we continue to give them that each day and we will give them everything that they need and that they deserve. Let's pull together as a community to provide them with the resources they need to move forward and let's provide them with the resources they need to make a difference in all of our lives. Thank you.

Before I take a Motion to move into public session, a couple of things I would like the audience to be aware of. We had a press release approximately a week ago asking for any direct questions to come to Central Office or email or call, we have a 24 hour answering machine like I said year after year here. You can email us so at least you can get those answers that you deserve. By 18A we extend public comment for anyone to come up here and say what they want and take their five minutes and the floor is yours. But, it is unfair for you to expect us to be able to answer you that quickly when we don't sometimes have the information at this table. So, we as an entire Board unanimously decided with their guidance have helped me because I have let it go and slip by the wayside over the past year. I apologize to the Board because I did that to all of us up here, so I am asking anyone to please state your name, address, take your five minutes, make your comment and if it is a question and we can answer you, we will try our best to do that but if you are sitting down saying they did not answer my question, we are trying to take your comments and that is what this is about, public comment. It really can't be a Q&A; it is not fair to us and not fair to the administration because a lot of times you do not have those answers at our fingertips. With that said would anyone like to address the Board? I need a Motion to go into public session. Motion by Mr. Kostka, seconded by Mrs. Germano, all in favor. Motion passes

PUBLIC SESSION

Mrs. Karen Ray, 3 Sloop Court – The first thing I would like to do is invite all of you on November 8 my son will be playing with the All State Jazz Ensemble. He auditioned for that and is the first Barnegat Township student to audition and make the jazz ensemble. It is an honor; he will be playing at the Trump Plaza Hotel in Atlantic City at 8:30 p.m. on the 8th. If anyone is available it is a free concert, it should be very good. The jazz ensemble is playing with the jazz choir and they are the top jazz students in the State. If you would like to come be our guest, we would like to see you. The other thing I would like to address, I do understand the change in the policy with the timing of the meeting and all, the one thing I would like you to possibly reconsider is the awards that the students receive. I really enjoy seeing that and it is hard for me to get here before the meeting and then spend an hour while you are in Executive session and wait. I think that those students who earn the recognition of the Board and receive those awards really would like to receive them in front of this crowd and not just their parents because if you are going to give it to them and have six, seven, eight parents sitting in the audience, it would be nicer to give it to them in school in front of their peers in an auditorium. I think everybody sitting here would like to hear about the awards, see these students and connect the face to the achievement so we can all be proud of our students in Barnegat. Even if you have to, I understand you want to get them in and out of here even if you have to have your Executive session give the awards, have a ten minute recess so they can leave with their parents and not disrupt the meeting, I think that is a better option. It is just sad that they could not all be here tonight and we couldn't all see. I tried to get here but I missed it by like ten minutes, I really felt bad. I like to see the children get their bikes and get their awards and certificates so if you could reconsider that it would be a nice thing. I am glad to hear you are still going to be taking questions if we have them

and have not thought about them ahead of time because sometimes I get up and think I should have asked that. Thank you for everything that you do, it really is appreciated and I understand the reason for the change, but I would like to see those awards and see those children myself.

Mrs. Mitchell: Thank you. Would anyone else like to address the Board? Yes?

Stephanie Municchi, 25 Longboat Avenue. First of all, I would like to thank the Board of Education because I was one of the students who received an award tonight and it has been a really great opportunity growing up in Barnegat. I have been here since kindergarten and this is my last year here. I just want to thank you for that opportunity. Having said that, however, as you all know I asked to speak in the Executive session today and I understand why my request was denied and I will be submitting a detailed letter with all of my concerns outlined. However, I would like to speak about my concerns in general terms and what I would like to say to you is that in every building we have conflicts, whether you are working in a community service organization or working in a school district or in Wal-Mart. There are always different complaints and people always have problems. However, I want to stress to you that you need to take into consideration where the complaints are coming from and whether they might be out of retribution or other, I am not sure how to say this, take into consideration who is saying what. That is one of the really big things that I would like you to consider and I just want you to remember that every decision you make here affects the students and that every decision you make, you need to consider the ramifications to the students. Thank you.

Mrs. Mitchell: Thank you. Would anyone else like to address the Board? Yes? I see a hand back there. Yes, Denise.

Denise Pilovsky, 26 Aphrodite Drive. I have a question about the RIF program; two weeks ago I had made a couple of phone calls and got my answer about the RIF program at the Brackman School. I voiced my concern to Tom Kostka, there, also to Mr. Davis. I am still waiting for an answer, that was one thing. What is the other one? Hold on give me a second...oh, the MRSA situation with the high school. Can we get more information on that? In the news it was stated you did not have MRSA at the high school which there is two known cases. Maybe it is cleared up or whatever it is but we did have MRSA at the high school. I also want to know what are we doing about it. Is it cleaned up? I mean what is going on? As a parent I want to know. Thank you.

Mrs. Mitchell: Thank you. Would anyone else like to address the Board? Yes?

Mr. Jake Taylor, 106 Newark Road – Number 47 on Motion to Accept Audit Report Resolution. We got a Resolution here from the Board Secretary recommending we accept his own report that is a little strange to me. While I am on that subject, we have a \$5,000 a week Superintendent that gets paid for being the Business Administrator and the Secretary got, I think it is around a \$60,000 raise to take out Business Administrator's duties and that is unusual in Ocean County. My question is how can a Secretary ok his

own report? That is not how it is done, that is a comment I have. My question is on 11/14/46 I OPRA'd the Board and I will read the OPRA request, it is called the petition of the employee, Al Dietrich, what is his position, salary, stipend if any contract or job description and duties and the hiring date. The answer back from the Board on the OPRA request was "with regard to your recent request of public records please be advised....."

Mrs. Mitchell: Mr. Taylor excuse me, Mr. Coronato would like to speak.

Mr. Coronato: If you are going to discuss an employee, for instance, anything with regard to the employee that you made the request, it is inappropriate in a sense that the employee has not been notified to be here. So, you have a right to OPRA for information, but if you are going to discuss any of the information that has been provided to you, and deals particularly with a particular employee, that would be inappropriate.

Mr. Taylor: I have nothing to say about the employee but the answer to my OPRA request was that he don't work here. And when I got the Minutes that are posted on the Board, the Minutes state Mr. Al Dietrich who is an employee of the district. I want to know which is right. I filed an OPRA request to find out about the employee and my answer was that he didn't work here. But in the Board Minutes he does work here. Was my OPRA request denied, answered wrong?

Mr. Coronato: This is the first that I have heard of this. What I can do is ...

Mr. Taylor: We change lawyers quite frequently that is probably why you have not heard of it.

Mrs. Mitchell: Mr. Taylor, please give Mr. Coronato a chance to answer you.

Mr. Coronato: My only comment to you, Mr. Taylor really is that why don't you send a letter in again requesting the fact of the conflict between the information you got in the OPRA request and what is listed in the Minutes, then I think the Board will provide that difference.

Mr. Taylor: Is he an employee or is he not an employee, can you answer that?

Mr. Coronato: That is the question, I do not have the answer to that, but I think what you can do is make that request and at that point in time you would be notified.

Mr. Taylor: You mean the Board doesn't know whether he works here or not?

Mrs. Mitchell: Mr. Taylor, he is an independent consultant. That is how he was hired. Do you have anything else?

Mr. Taylor: Yes, I want to know what he got paid.

Mrs. Mitchell: I don't have that information in front of me, again, had I known that yesterday, two hours ago, I would have had that information for you. Is there anything else?

Mr. Taylor: This OPRA request was filed in 11/14/06.

Mr. Coronato: It was answered properly, Mr. Taylor.

Mr. Taylor: What is that sir?

Mrs. Mitchell: It was answered properly.

Mr. Coronato: It was answered properly, he is not an employee that is why it is answered the way it is.

Mr. Taylor: In other words, it is how you list them whether we pay. You use my tax money to pay him.

Mr. Taylor: Is there anything else?

Mr. Coronato: I think what we are saying, Mr. Taylor, is now that you know that he is a private contractor, you can make the request and obviously they know what you are looking for and they will provide that to you. Not saying you are not entitled to that, now you know how to ask the question, so I think you just write that letter and you will get that information.

Mr. Taylor: My other question is the Superintendent going to relinquish any of his \$180 a day being we hired an Assistant Business Administrator?

Mr. Coronato: Again, you are talking about personnel decisions with regard to that.

Mr. Taylor: I am talking about money.

Mr. Coronato: I realize that but you are talking particularly about the Superintendent, again, you can comment, but at that point in time you cannot direct...

Mr. Taylor: My comment is that the Superintendent gets over \$5,000 a week, part of that is \$180 a day to do Business Administrator work and at the last meeting that had no public attendance and no public session the Secretary got a raise to do the Assistant Business Administrator. I want to know if there is going to be any remuneration of the Superintendent's money because we have hired somebody now. That is my question.

Mr. Coronato: What you are really doing is making a comment, you are saying....

Mr. Taylor: Ok, it is a comment, you can call it whatever you want, I would like answers.

Mr. Coronato: The Board cannot answer that because again it deals with...you can make a comment to what you want to see. You follow what I am saying, in other words you are taking the position that this ought to happen, but the fact is I can't let the Board make that comment because they have a contract and they have entered into a contract and they would be discussing an employee's package and you cannot do that.

Mr. Taylor: Then I take it for granted that the Superintendent is going to continue to get his \$5,000 a week, thank you.

Mrs. Mitchell: Thank you, Mr. Taylor. Would anyone else like to address the Board?

Mr. Bernard Laufgas, Schooner Ave: What has happened to Mr. Monahan?

Mrs. Mitchell: He could not be here, he is in court tonight, he has been in court for the past ten days.

Mr. Laufgas: Mrs. Mitchell, I spoke to him this afternoon.

Mrs. Mitchell: I believe you. Do you have any other comments?

Mr. Laufgas: Yes, I just was wondering if he was still the School Board attorney.

Mrs. Mitchell: Yes, he is still our attorney, correct.

Mr. Laufgas: Because you told me he is a very fine attorney and I agree with you on that. Now I delivered the letter to the Assistant Business Administrator about the flyer to give to the kids because I want the school to pay for the shoes that the kids compete among other items. It will make the school sport program much, much better and I told you that on numerous occasions. I want a flyer to be given, I'll supply the full amount of flyers you need and I will separate them into groups so the school would not have much problem to distribute them. Could you tell me what happened to that letter?

Mrs. Mitchell: Please use your time and then I will address your questions.

Mr. Laufgas: Awhile ago I asked the school not to use the children what the drug dealers use as mules to send flyers home. You sent three flyers, two of them about the police and some other thing. I don't think our children should be used for that purpose and Title 18A does not permit it. 18A42-4, that is the statute that says you cannot use the children for political purposes and that is clearly political. Would you pass that flyer about what's his name, Mr. Nichol, the principal about the personal things that he did at the school to the parents, that is just as important as he did for security. By the way, the Superintendent in Egg Harbor Township, the biggest district in the State, when they asked him about security he said I do not talk about security. No one has to know....

Mr. Coronato: Mr. Laufgas, let me just say, if you are referring to a particular individual you really can't discuss that employee. What you can do is if you have concerns about that is you can put it into a letter address it to the Board and then the Board would take the appropriate action.

Mr. Laufgas: Oh you mean you want an OPRA request?

Mr. Coronato: No, no, no, it does not have to be an OPRA request. If you have concerns about any particular employee you just put it in writing and then you are voicing your concerns. You as a citizen have a right to voice a concern about any employee.

Mr. Laufgas: I understand that.

Mr. Coronato: And you can submit it to the Board, you just can't discuss it in public.

Mr. Laufgas: I understand certain things we have to keep quiet.

Mr. Coronato: No, no, no, you have to understand that the employee has rights. It is not really if that employee wanted to come in and relinquish their rights, and say, yes I do not mind the public discussing it, then at that point the Board would be free to do so. But you know, you have to understand Mr. Laufgas, and you should know better than anybody else, that everybody has rights in this world and certainly even the person you are accusing has rights. So, therefore, if you are going to accuse somebody or you are going to make comments about somebody, the appropriate way to do it is to send in a letter and let it go through the normal channels and you may be right. There is a right way to do it and a wrong way to do it and in this instance, if you make a comment about somebody and they are not here to address it, it is basically unfair. The court system has indicated that.

Mr. Laufgas: OK, counselor, do you want that in an OPRA request how much we are paying for those lawyers.

Mr. Coronato: It does not have to be an OPRA request, all it has to be is a letter and your letter can express what your concerns are and it is....

Mr. Laufgas: Will they give me an answer?

Mr. Coronato: I think at that time when it is sent to the Board the Board will respond to you, the answer is yes, you are entitled to an answer.

Mr. Laufgas: I am very stubborn, take my word for it. The reason why I want this school to pay for the shoes is that you were very proud of the young lady that won the State Championship in pole vaulting. I think she is sitting in the back, I think she is hiding by now. Well, you were very proud and I think the school should pay for the shoes for all the athletes because when the football team wins you are out there yelling and screaming look what we did; well you have to help them. You pay enough for lawyers, our children

deserve more than the lawyers, they come first. Some of them will tell you, I am at the cross country meets yelling and screaming for them. Hopefully, they will do good in fact there is a young kid, his name is Jake, he is about this high but he has all heart and he is super...in a couple of years he will be a state champion. One second...getting old, need glasses.

Mrs. Mitchell: It is five minutes already, you need to wrap up.

Mr. Laufgas: Two more things, I submitted an article to your Assistant Administrator about Constitution, they are giving a grant if the school will agree to teach the kids about the Constitution, that is very important, take my word for it. The last thing, I read some kind of a flyer that the school board had, not sending to the parents, about the reason why the school does not want to remove the Horbelt name of the school. I told you long ago why I wanted to remove it. It says that because Horbelt is going to sue, well.....

Mrs. Mitchell: Again, we cannot speak about Dr. Horbelt because he is not here either.

Mr. Laufgas: I am going to submit an OPRA request; I want to know how did the school find out that Horbelt said he is going to sue. If he sues, I will help you guys.

Mrs. Mitchell: Thank you. Would anyone else like to address the Board?

Mr. Laufgas: Enjoy the pizza.

Mrs. Mitchell: Yes. Raphael?

Mr. Raphael Adorno, 9 Harpoon Drive – I need clarification on the facility use section for the Barnegat Junior Bengals, I believe my entire Board is under a different impression of what those fees are. As I read that section it says...

Mrs. Mitchell: Raphael, I think before you walked in that Motion was amended to pass that Motion at no charge. The vote will be when we move along the Agenda and take that vote.

Mr. Adorno: I am not sure what I am seeing because I have a flag program, etc.

Mrs. Mitchell: Correct. Anyone else? Yes, Mr. Checcia.

Mr. Phil Checcia, 12 Windward Drive – The most listened to Board in the nation, if you were a radio station you would have great ratings. It was nice to have the Board member get up, I know he was in an inconvenient situation or an embarrassing situation, but to leave the dais and have a cup of coffee without excusing himself and put it on record is really a slap in our face. It is against your rules also. The other is, let me ask you, what is the procedure for a student and/or family to give a car to the student and bring the car onto the property for high school, because now that they are driving? It is not a particular

car, but cars just in general. When you do that you verify license plate for NJ insurance I am sure, is that correct Mrs. Mitchell?

Mrs. Mitchell: Can I ask that you make your comments and then we will answer.

Mr. Checcia: Well, I am making a comment, but I would like to go along because we tend to lose the drift here. So, in other words if someone is driving a car does it have to be registered in the state of New Jersey? In order for them to use the car and also if the student.....Mr. Attorney, I am not asking you, I am asking the Board, please don't answer the question, you are taking my minutes away.

Mr. Coronato: I am trying to give a legal opinion.

Mrs. Mitchell: Mr. Checcia, please.

Mr. Checcia: Would you instruct you attorney this is not a defense, please? He is not a defense attorney here, he is the Board Attorney, he acts when you ask him a question.

Mrs. Mitchell: Mr. Checcia, take your five minutes, please.

Mr. Checcia: Please, tell your attorney when I ask him a question, I will address it through you and that is the way you are going to be asking questions from now on, through you and through Mrs. Lally or whoever you might be as Vice President. Until you are spoken to, Mr. Attorney with all due respect your jurisprudence, put it to work and listen to the public.

Mrs. Mitchell: Mr. Checcia, please, please, show some respect here please.

Mr. Checcia: And that is a lot of respect, it is called respect for the public.

Mr. Coronato: Mr. Checcia, if want.....

Mr. Checcia: I am not talking to you, sir.

Mrs. Mitchell: Mr. Checcia, ask me, I understand what you are asking.

Mr. Checcia: Answer my question now, what is the procedure, maybe after I sit down, of the necessary process to put a car onto the property with a student and not only with a student does that student have to have a current New Jersey limited license, 16 or 17, 18 and let me know the procedure before you let the car onto the property. Now, if someone were sending someone who lived in California to our school district, let me ask you, and you found out about it, what would the procedure be for you to recoup the tuition other than being military which we are mandated to take care of which I think we are mandated to take care of, and other types of situations pertaining to any intelligence agencies, etc. that we don't know about. So, let's get to the point, what is the procedure and do we have or have had any investigations of that sort say within the last three years?

Mrs. Mitchell: OK, is there any other comment or question?

Mr. Checcia: Yes, my other comment is that I read a memo, actually it may have been an email, from Brian Falkowski, I think, to town and that was at that controversy at that meeting, I think about the town, you needed the money but you were going to destroy the old vouchers, it is an email from you. We could produce it so because it is there. Now, I am going to OPRA due to the fact that a letter would only prolong getting the information, the closure on whatever I ask for. So, we are going to OPRA, and I am going to put it on record, all the checks, all the check deposits, the electronic transfers, letters of finance and requests, almost an audit. So what I am saying is we can do a fundraiser and we can lay all that out here for the public to look at so we can take the storyboard in order from when we built the high school to the savings of the money that we were supposed to be saving. Now you may say we are saving money Mrs. President, but when the figure went up for \$7,500 approximately for student did that include the aid from the state that's raised that we are going to lose with the new evaluation that upped our bond rating? Now, what is the state aid toward the actual tuition? So, in other words, are we paying \$7,500 a student with state aid or without state aid; and do you anticipate the state aid staying where we are at due to the fact that we went from \$900,000,000 to almost \$3 billion in ratables with a median income of over \$52-62,000 from \$26,000 on the last one. These are facts, but I am asking you for the exact figures, so I have a good idea to make a fundraiser. Before you even discuss any money is it true, by the way, let me go back to something. Do we have maps in this town? Yeah, wrap it up, time me, she is the President.

Mrs. President I am asking you two questions, I am also going to ask for all the books that you ordered since he has been the Superintendent in this district? Who they are for, what grades and that is not going to be counting and including the costs which will be separated and every one will be on an individual OPRA request so if you don't pay me it will cost who denied it \$1,000 - \$2,500 then \$5,000 a sheet. Keep that in mind, that is the law, if you want to look at the Title, it is going to be on each, individual sheet. It will protect the public. All the books, is it true that we still have maps with USSR on it and our good teachers have to come up with some type of an excuse, and it is mimeographed or photographed? This is kind of strange that you are telling us that we are up-to-date with books because I have someone who walked up to me, who may show up tonight, her kid took it home. The teacher, with good intentions, not to be embarrassed told her that we re not studying that country. That is a joke, but it was really sad that we had to have good teachers say that in a school district that is raising money hand over fist, 200 teachers and 200 administrators and they all do a good job. It is time, and I am going to tell you, that this Board step down and change its ways and remember, you all represent us for a thorough and efficient education, no more, no less. We are not here as a private school district and just to compare the money we are paying on a new contract which you had the power to re-do, the Superintendent, check the Superintendent's contract in New York City, minus the mansion because that comes with the school, minus that. And, see how much per student we are paying him versus what we are paying here.

Now, how much money do you allocate for those attorneys that you hired two months ago?

Mrs. Mitchell: Alright, Mr. Checcia, I need you to wrap it up please.

Mr. Checcia: This is on record, I need those, you are going to get OPRA'd, just remember whoever refuses will go to Trenton; they will take it out of their pocket.

Mrs. Mitchell: Mr. Checcia, that is your right to OPRA everything.

Mr. Checcia: It is my right and I will exercise accordingly for the people, by the people and for the people and don't forget that.

Mrs. Mitchell: OK, thank you, would anyone else like to address the Board? Yes?

Ms. Christina Fugil, 14 Beacon Drive – First I would like to say that I am a part of the first graduating class and I am very proud of it. You said that earlier in the meeting how you want our students to be globally competitive, and this time that we live in it is extremely important that we be globally competitive, however, I was one of three students, I guess it was in the summer of 2006 that participated in People to People Student Ambassador programs. I am not sure if you are familiar with the program but it was started by Eisenhower in 1956, it was a way for creating global understanding and cultural understanding between different countries through the youth of those countries and there might even actually be one more student that was on those trips. But when we came back we were told back that we could not accept the credits from Washington University which is equal to three foreign travel credits and 150 class hours because they said it was unfair that not as many students got to participate in this program. However it is a small percentage of the American students who participate in this program, it is about 1% so when these colleges see this program on the student's transcripts, that is a big deal. You are talking about globally competitive, that puts you in immediately and I just request that we might not be able to get it, but I request that you accept it for other students that might travel on these programs because it is extremely important. You know, getting into college right now is extremely competitive, especially, you know, with the amount of kids graduating now that are going to college afterward, it is harder than it ever used to be. These programs are great for kids like me who are, you know, interested in international relations and, you know, interested in the world around them. Colleges want to see that, but I can't show them that from my high school, I have to give them the transcripts from the program. I just request that you look at the program and the credits that go along with it and that for future generations of students in this district that you would accept those credits so that they might be able to put them on their transcript for college. Thank you.

Mrs. Mitchell: Thank you, Christine, thank you so much. Christine, we will, we will ask Dr. Saxton to look into that and maybe we can do something about it and I appreciate your comments, thank you. Would anyone else like to address the Board? Yes, sir?

Mr. Richard Pilovsky, 25 Aphrodite Drive – First question is, I want to know if you are going to answer the question about the RIF program? OK? The second question is, I have a sheet here, it does not have high school letterhead on it; it was given out asking for cash or a check made out to cash for jackets for one of the sporting activities. I just want to know if you guys know about this or have seen this, and I would like to leave it with you to take a look at it.

Mrs. Mitchell: OK, is there anything else that you have?

Mr. Pilovsky: No, that is it.

Mrs. Mitchell: OK, thank you.

Dr. McMahon: In regard to RIF I am going to ask Mrs. Scrimenti to give you and/or your wife a call regarding this, RIF is a federally funded program that ceased federal funding about two years ago now.

Audience: (inaudible)

Dr. McMahon: End of the summer? We are going to wind up funding some of our own programs, but I know the curriculum department is looking into that and they can give you more specifics in regard to it and then it will be a Motion for the Board table.

Mrs. Mitchell: OK, and about this field hockey jacket, we need to look into that, it is the first time that I have seen that. We do not see every single piece of literature that goes home in the backpacks, it would be impossible, but we will ask Mr. Germano about that. Anyone else like to address the Board? Yes, I am sorry, Mrs. LaBruna.

Mrs. Mary LaBruna, Mathematics Supervisor for the District – I just want to publicly acknowledge the elementary school teachers. October 10th we had a huge family math night that was open to the public, we have 150 people turnout and I really can thank the teachers for generating excitement about our mathematics program, and let me tell you, we had a lot of excited students and we had parents. It was great to see fathers come out with their children in addition to the mothers and have real excitement with the math. One of the things I know is that it can't happen by just one individual, that is a team effort, and with all of the talk about the high school, they seem to get a lot of the acknowledgement as of late and I don't want to forget about the elementary school teacher because they are our foundation and they are doing an outstanding job. In particular, I want to recognize Mrs. Regina Santolla from the Horbelt School; Mrs. Susan Harkness from the Dunfee School; Mrs. Daus from the Collins School and both Mrs. Durning and Mrs. Arluna from the Dunfee School. They rolled up their sleeves and let me tell you it was a lot of work and every year we say why are we doing this, but we are doing this for the kids. It is important for them and it is important for the families and I just wanted to publicly acknowledge their efforts. Thank you.

Mrs. Mitchell: Thank you. Mrs. LaBruna, thank you for that, and also I myself over the years have been to many of those, I did not attend this year and I know Mrs. Lally too has been included with her son, and you also need to be commended because you put it all out there and delegate it all and we owe you thanks too. Thank you. Would anyone else like to address the Board? I am sorry, yes. Dr. Saxton, please?

Dr. Joseph Saxton, I live in town and I am Principal for the high school. I would just like to say that and remind everybody in this room that about three years ago we invited the young people in our high school, particularly to get involved with the civic process. We invited them to be part of the debates at the high school and invited them to be part of Board meetings and I just wanted to say as their Principal how proud I am to see how when they come. I was at two meetings where students represented themselves and a cause and the thing that caused me great pride, and pride in the people watching their actions, was not the fact that they had an issue, but how they presented themselves with that issue. I don't know if you have ever spoken to a teenager when they feel passionately about something, but I can tell you that the way they spoke here is not the way they spoke when they feel about something and expressing how they really feel. So I want to give them a lot of credit, ok, because it is an indication of the quality of the young people that we are raising in this town together and I think they deserve an acknowledgement for the way they have handled themselves both in the townhall meetings and in this forum tonight.

Mrs. Mitchell: Yes, thank you so much for that. Mr. Germano?

Mr. John Germano, Athletic Director at the High School – Tomorrow our girls' volley ball team is going to be at the States', it is a huge honor and you should be really proud. If you get an opportunity to drive all the way up to Cranford, go. The girls worked so hard, they have done a great job and we are very proud of them. Our girls' gymnastics team has won B-South Public and if I can have a second please, I want to tell you a story I have with those girls because I think it is important for you guys to understand what these kids go through everyday. I got a call from one of the best teams in the Shore Conference. Howell called and said we heard a lot of great things about Barnegat gymnastics and we want to compete against you. Their average score is much stronger than ours, not much that is not fair, stronger than ours. I sat down with the girls, what do you want to do? They said bring them on, let's go. That is the kind of attitude and effort they give every single day and the coaches, and they made me so proud when I looked at them and I said now that is what we are building here and everything you represent is wonderful. They went up there had their best score of the year, performed against some of the best gymnasts in the state and not only did they do so great then, they qualified as a team to go to State, six teams got denied and Barnegat was one of them that got in, so they are going to the States. Our girls' tennis team won B-South Public, all of our sports are doing fantastic, and I wanted to point that out. Please come out and be a part of what these kids are doing, be positive, come out and sit on the sidelines and root with me and everyone around you and take a look around you because you see the same faces at the games all the time. Tomorrow, field hockey is going all the way out to West Deptford, they won six straight games facing elimination, so they have basically played six play-off

games in a row to make States and they are going out there tomorrow to play. And to show you what we are doing here, it is not about any individual program, the band, color guard, everyone is working together and I am asking you to come and help us. Thank you.

Mrs. Mitchell: Would anyone else like to address the Board? May I have a Motion to close Public Session? Moved by Mr. Kostka, seconded by Mrs. Germano, all in favor, aye. Motion passes.

Mrs. Mitchell Yes.

Mrs. Mitchell: Thank you, Motion passes. Mr. Dorow, please, Item #50 under Finance.

Mr. Dorow: Yes, I would like to move #Item 50; I asked that it be handled be itself because of the significance of Item #50. I am sure the public is well aware that each school in New Jersey must have an independent audit done by a licensed firm. In our case we have Ford, Scott, Seidenberg and Kennedy, a well-known company that does numerous municipalities and school boards. While I am the rookie on the Board of Education, I have retired after 40 years experience in public education, 30 years as a school business official and sometime working for the State Department of Education as a County Superintendent of Schools and a County School Business Administrator. So I take the audit report seriously and I reviewed hundreds of them over the years and I wanted to pull this one because I thought it was especially important. I think this is truly one of the most outstanding audits I have ever seen, prior to us meeting here we met with the auditor, we discussed such things as internal controls, adjustments and various schedules and I am just so pleased that we have an audit this year and I understand even prior year, perhaps the year before that without recommendations. In my career I reviewed audits that contained as many as 37 recommendations. I would like to commend Dr. McMahon, Mr. Falkowski and their staff for doing outstanding work in keeping the records and the financial situation of the school district in hand.

Mrs. Mitchell: Thank you; may I have a second on that? Seconded by Mr. Davis, any discussion? Mr. Splendorio, please.

Mr. Splendorio: No, I was seconding the Motion.

Mrs. Mitchell: I am sorry; I saw Dereck's hand behind you.

Mr. Splendorio: OK, whatever you want.

Mrs. Mitchell: Ok, Mr. Splendorio you had a comment?

Mr. Splendorio: No comment.

Mrs. Mitchell: OK, any other discussion/comments? One thing I would like to say before the vote is year after year these audits are always outstanding, and again I really believe Dr. McMahon and Mr. Falkowski deserve a round of applause, thank you both so much. May I have a Roll Call please?

Roll Call:

Mrs. Germano Yes
Mrs. Taylor Yes
Mr. Dorow Yes

Mr. Splendorio	Yes
Mr. Kostka	Yes
Mr. Davis	Yes
Mr. Houser	Yes

Motion to approve the submission of the Quality Assurance Annual Report (QAAR) to the Ocean County Superintendent’s Office for Approval.

2. MOTION TO APPROVE THE ASSIGNMENT PLAN FOR CERTIFIED AND NON-CERTIFIED NURSES FOR SY 2007-2008

Motion to approve the assignment plan for certified and non-certified nurses for the 2007-2008 school year, as discussed in the QAAR. See below:

The Barnegat Township School District receives a great deal of state aid to support its school programs. It attempts to follow the CEIFA school framework model in assigning nurses to a school complex. Currently, the

staffing position exceeds the staffing model. The District assigns one full-time School Certified Nurse to each of its three elementary schools, one middle school and one high school. Due to medical needs, an additional full-time registered nurse has been assigned to one of the elementary schools (RLHS), one full-time registered nurse provides bus and lunch coverage, and another part-time registered nurse has been assigned to ride a bus and provide additional coverage in the schools during lunch breaks. The district's certified nurses provide the required services, as per code, to both regular and special education students throughout the district. Their responsibilities also include the teaching of a portion of the Family Life Curriculum in the elementary schools, various in-service training throughout the district, and other duties related to their field. In addition, to ensure optimal coverage, two part-time LPN's are on staff and act in a supportive role to the certified school nurse in the building which they are assigned. **The nursing assignments will be closely monitored throughout the school year to determine effectiveness and the demands of budgetary constraints.**

The nurses' names and locations are as follows:

RESOLUTION

WHEREAS, the Barnegat Township Board of Education has been notified by the State Department of Education that it is entitled to the following funds for

implementation of the programs listed below for the 2007-2008 school year under the NCLB Grant:

Title I Funds	\$251,680	Basic Skills Program

BE IT RESOLVED, that the Barnegat Township Board of Education approve the submission of the NCLB (No Child Left Behind) Grant and upon approval of said grant, the Board accept the above funds and that said funds shall be used for the purposes described in the NCLB Application filed with the New Jersey Department of Education and be administered and monitored in accordance with appropriate state and federal regulations.

- MOTION TO APPROVE UTILIZATION OF THE ENHANCEMENT TECHNOLOGY PROGRAM IN LAKEHURST, NJ AND THE CREATION OF AN ON-SITE VIRTUAL ALTERNATIVE PROGRAM AS POSSIBLE OPTIONS FOR DEALING WITH ALTERNATIVE EDUCATION NEEDS.

Motion to approve utilization of the Enhancement Technology Program in Lakehurst, NJ and the creation of an on-site Virtual Alternative Program as possible options for dealing with alternative education needs. Approval of this motion would provide the district with two possible options from MOESC (Monmouth-Ocean Educational Services Commission) for dealing with disruptive and disaffected students. Although the need for such options are not present currently, this motion provides the BOE with a pro-active approach should the need arise in the future.

In regard to the Enhancement Technology Program at Lakehurst, NJ, this program encompasses visual learning and credit recovery and is built upon the framework of the Virtual Learning Activity, a hands-on, technology infused, problem solving curriculum. In addition, the program is serviced by a full-time Social Worker, and SAC to infuse a therapeutic, individual

and group counseling based component. The staff versus the student ratio is maintained at relatively low levels to ensure a therapeutic and academic environment geared to the individual students' needs. The MOESC Board of Directors approved tuition rate for the 2007-08 school year for non-classified students is \$17,000.

The Virtual School-based alternative program that will be housed at EVES (Elizabeth V. Edwards) would allow for a minimum of on-site staff and provide a broad range of academic levels and components. The MOESC New Jersey Virtual School is aligned with the NJCC standards, and is fully staffed by New Jersey certified teachers highly qualified and more than one-hundred NJ School districts have used this program with over 5000 New Jersey students. This program could cooperatively engage an on-site counseling and therapeutic program to meet the students' needs.

14. MOTION TO APPROVE CHANGE IN THE MISSION STATEMENT

Motion to approve change in the mission statement to now read:

The Barnegat Schools, in partnership with our community, nurture and educate our children in accordance with all core curriculum content standards to prepare them for responsible citizenship and success in life.

SUPERINTENDENT COMMENTS:

Mrs. Mitchell: Dr. McMahon, anything else?

Dr. McMahon: Yes, I just want to make a comment over the last number of weeks and with some comments this evening that this organization that you see being the Barnegat Township School District is a \$50,000,000 financial organization. I think it has one of the most important roles to fill and that is educating children. Sometimes people come across with different ways to do it, different ways to spend money but I would just like to commend, you know, we talk about having a clean audit, and making sure your payments are made and people talk about myself and Mr. Falkowski, there is ten people behind us that really do a lot of the work as well. When you talk about the academics of the students and the students succeeding or the athletic programs succeeding, sometimes people have a tendency to talk about the negative, but you know what there is a large organization here of coaches, teachers that do an admirable job day in and day out and I just want to make sure that as they read some articles or talk to some people and hear public comments, they can assure from me and I am sure I reflect a lot of the Board

members' feelings that we thank you for everything you do, we know you do an outstanding job, we know your heart is in it for the children and we spend money appropriately and we educate kids appropriately. That is because of all of you people out there working with the parents and working with the coaches and the teachers that I can be proud to say I am sitting up here tonight and I thank you.

Mrs. Mitchell: Thank you. Anyone else? With that I would like to thank everyone in the audience this evening because we do have a little bit of a change on the Agenda. Mrs. Way we will take some of your advice also and we re trying to tweak things as we go on and I appreciate your care and concern out there because probably 80% of you sitting out there are at each of our meetings. I appreciate your bearing with us tonight.
