#### **XVI. BHS & EDUCATION COMMITTEE - INFORMATION**

1. Students are still looking into the purchase of a marquee. At this time it seems that the projected cost will indeed be approximately \$15,000. The students are proposing that  $\frac{1}{2}$  is raised by the students and  $\frac{1}{2}$  is contributed by the Board.
2. A student has made a proposal for an Eagle Scout Project. He would like to attempt designing something to counter the effects of erosion on the hills surrounding the high school. Proposal attached for Board only.
3. Students are actively pursuing ways to get donations for a possible TV studio. An NBC affiliate in Philadelphia has been in contact with them and is interested in donating material for the studio. The Pro-Wrestling Program that is being held on February 28<sup>th</sup> will also benefit this project.
4. The Tri-M Music Honor Society has requested that the society be called the "Frank Constantine Tri-M Music Honor Society" in honor of Mr. Constantine, Music teacher in our district. This was approved by the committee. The society will hold their induction at the end of February.
5. Dr. Saxton asked that a Thespian Honor Society be instituted. This was approved by the committee. This society as well as the Tri-M Music Society is in addition to our National Honor Society at the high school. Both societies have a different focus and will not undermine each group's agenda; yet, they may have similar criteria. These Honor Societies will not be as formal as the BHS National Honor Society. Students will be expected to dress appropriately – possibly, shirts and ties for the boys and dresses for the girls.
6. The NJDOE has mandated a summative assessment for all middle school students. In order for our middle school students to fulfill this requirement, students are being pulled from band and/or chorus. This has had an adverse effect on our band program. Study Island is offering a program that will address this mandate so a district can still maintain their current middle school band and chorus program, etc. This purchase was budgeted for in year 2008-2009 and a license will be purchased for students to enhance their skills by utilizing technology modules through Study Island. It is suggested that it be purchased as soon as possible.
7. A district-wide recycling initiative has been underway since September. With direction from teachers throughout the district, students submitted their entries to Ms. Karen McKeon, District Supervisor of Curriculum and Instruction, who ran the event on Thursday, January 29, 2009, at the Joseph T. Donahue Elementary

School with Briana Taylor, Student Liaison. Products created by students ranged from artwork, posters, skits, jingles, and PowerPoint presentations to Junk Art, mosaics, a rendition of the history of recycling, causes and effects and an overview of why recycling is important. Parents, teachers and students attended this event and had the opportunity to see Barnegat School District's messages about recycling first-hand. Barnegat Township has provided each school with a recycling canister and custodians, teachers and students will continue to forge ahead in reducing, reusing, recycling paper, cans and plastic. More canisters have been ordered, and everyone is expected to promote the partnership created with The Climate Action Committee, Barnegat Board of Education and the Township. Many teachers participated in this effort and they are commended for their participation in this endeavor. Students volunteered their time in making this event worthwhile while highlighting a critical message set by future generations. Committee service hours were given for student volunteer work.

8. The high school redesign plan was briefly discussed. Algebra II will be required for **ALL** students as part of a three-phase plan created by NJDOE. Each phase has a focus; it is set to take place between 2010 and 2012.
9. The development of a shared service portal for special education is underway and offered to Ocean County districts through Real-Time. Josh Toddings is implementing this technology for this shared service opportunity.

---

### **Board of Education**

A school board member shall abide by the following Code of Ethics for School Board Members:

1. I will uphold and enforce all laws, state board rules and regulations of the State Board of Education, and court orders pertaining to schools. Desired changes shall be brought about only through legal and ethical procedures.
2. I will make decisions in terms of educational welfare of children and will seek to develop and maintain public schools that meet the individual needs of all children regardless of their ability, race, creed, sex or social standing.
3. I will confine my board action to policy making, planning, and appraisal, and I will help to frame policies and plans only after the board has consulted those who will be affected by them.
4. I will carry out my responsibility, not to administer the schools, but, together with my fellow board members, to see that they are will run.
5. I will recognize that authority rests with the board of education and will make no personal promises nor take any private action that may compromise the board.
6. I will refuse to surrender my independent judgment to special interest or partisan political groups or to use the schools for personal gain or for the gain of friends.
7. I will hold confidential all matters pertaining to the schools which, if disclosed, would needlessly injure individuals or the schools. In all other matters, I will provide accurate information and, in concert with my fellow board members, interpret to the staff the aspirations of the community for its school.
8. I will vote to appoint the best qualified personnel available after consideration of the recommendation of the chief administrative officer.
9. I will support and protect school personnel in proper performance of their duties.
10. I will refer all complaints to the chief administrative officer and will act on the complaints at public meetings only after failure of an administrative solution.
