The Jazz Band came in first place with a rating of “SUPERIOR”. We also received the overall award for jazz ensembles. Jazz Band member **Kyle Smith**, grade 8, received an outstanding soloist award. They brought home 3 awards and had a wonderful day at the park.

The Vocal Ensemble, under the direction of Mrs. Bense also came in first place with a rating of “EXCELLENT”. ROBMS is proudly displaying our trophies in the music room.

The Bracktones, our Show Choir under the direction of Mr. Wald also came in first place with a rating of "EXCELLENT".

We were very pleased with the performance of our students on this day, recording high scores from two adjudicators, making our day a most memorable one.

This has been a marvelous year for our Jazz Band, Vocal Ensemble and Bracktones, as well as all sixth, seventh, and eighth grade student musicians. The experience has been educational, rewarding, and most of all, fun!!

The Brackman Music Department extends a huge thank you to Karen Wood, the Board Of Education and Building Principal John Fiorentino for making this happen. Your support of our musical projects has not only motivated our students to reach high goals, but has made sharing the gift of music at the Brackman School a very special and rewarding experience.

- 2. Motion to accept the NJQSAC in-depth evaluation report and to authorize administration to develop a short term District Improvement Plan (DIP) for submission to the Department of Education no later than August 1, 2015.
- 3. **Motion to accept the Medical Science Academy resolution as below:**

Whereas, Science, Technology, Engineering and Mathematics—STEM, and therefore, STEM education—are vital to our future—the future of our country, the future of our community and the future of our children and that the fastest growing careers in the United States are within the parameters of the medical field, therefore the Barnegat Township School District believes that career exploration in these fields is necessary and beneficial for high school students.

Whereas, The Barnegat Board of Education, Superintendent of Schools, the administration, and staff at Barnegat High School are very proud to be offering a first year medical sciences academy pilot program to qualified and dedicated students of the Barnegat Township community. Through the introduction of hands-on curriculum supported by technology, in partnership with Community Medical Center, Barnabas Health, students will be exposed to a wide variety of medical science and career opportunities within the medical community that will assist in gaining greater aptitude and readiness for future collegiate programs and careers in the fields surrounding science and medicine.

Further, as a cohort study program, students will be exposed to careers, experts and prominent members of the medical field, partaking in intense lecture series and hands-on experiences exclusive to educating our students in the field of medical sciences. Ultimately, students will work alongside professionals as interns, putting

theory into practice in preparation for advanced study or career exploration after high school. The long term planning goal for this program is to provide a state-of-the-art program, in which students will be part of a select group of qualified and dedicated peers. Through rigorous, hands-on curriculum supported by advanced technology and a new community partnership, students will be challenged to meet high standards of mathematics and science to gain greater aptitude and readiness for future collegiate programs and career fields surrounding science and medicine.

Now therefore be it resolved that the Board of Education and the Superintendent shall engage in collaboration with Community Medical Center, Barnabas Health to enhance the opportunities for the students of Barnegat High School in the medical sciences fields and to implement programs within the scope of current and future academic standards in the hopes of providing lifetime skills and opportunities that will benefit the community and our children.
