The student will...

- Develop a responsible understanding of family planning;
- Understand all aspects of sexually transmitted diseases;
- Be aware of their bodies and their privacy rights;
- Learn to grow up socially with regard to relationships with other people;
- Be aware of the concepts for human growth and development.

Grades 9, 11, and 12 (Marking Period Health Classes)

The student will...

- Learn to build responsible relationships;
- Understand the risk of adolescent sexual activity;
- Understand that abstinence is the best means of preventing disease;
- Understand all aspects of sexually transmitted diseases.

(Note: 10th grade students take Driver's Education.)

(N.J.S.A. 18A:35-4.19-20), also known as the "AIDS Prevention Act of 1999," requires sex education programs to stress abstinence.

Any sex education that is given as part of any planned course, curriculum, or other instructional program and that is intended to impart information or promote discussion or understanding in regard to human sexual behavior, sexual feelings and sexual values, human sexuality and reproduction, pregnancy avoidance or termination, HIV infection or sexually transmitted diseases, regardless of whether such instruction is described as, or incorporated into, a description of "sex education," "family life education," "family health education," "health education," "family living," "health," "self-esteem," or any other course, curriculum program, or goal of education, and any materials including, but not limited, to handouts, speakers, notes, or audiovisuals presented on school property concerning methods for the prevention of acquired immune deficiency syndrome (HIV/AIDS), other sexually transmitted diseases, and of avoiding pregnancy, shall stress that abstinence from sexual activity is the only completely reliable means of eliminating the sexual transmission of HIV/AIDS and other sexually transmitted diseases and of avoiding pregnancy.
