## Barnegat Township Schools Pre-k

The Barnegat Township School District is excited to once again offer a Pre-K program. Our preschool program includes students of varying degrees of developmental readiness and optimizes opportunities for students to grow and learn from one another in a school setting.

The program is based on state guidelines designed to meet the New Jersey Preschool Teaching and Learning Standards. Our curriculum is school-aligned and researched based. The program immerses children in such areas as language arts, mathematics, exploration, art, music, social/emotional, self-help skills and so much more!

Children must be 3-5 years old before the start of the school year.
